

Sr. No	Description	Quantity (Nos.)	Sr. No	Description	Quantity (Nos.)
1.	Male Connector Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" One end compression ferrule fitting and other end 1/2" NPT male Order no: M-810-1-8 Make: Swagelok, Fitok or parker USA	25	8.	Union Cross Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" all end compression ferrule fittings Order no: M-810-4 Make: Swagelok, Fitok or parker USA	08
2.	Female Connector Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" One end compression ferrule fitting and other end 1/2" NPT female Order no: M-810-7-8 Make: Swagelok, Fitok or parker USA	15	9.	Weld Connector Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" One end compression ferrule fitting and other fractional Tube OD: 1/2" Order no: M-810-6-8W Make: Swagelok, Fitok or parker USA	25
3.	Union Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/2" both end compression ferrule fittings Order no: M-810-6 Make: Swagelok, Fitok or parker USA	50	10.	Caps Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" Order no: M-810-C Make: Swagelok, Fitok or parker USA	30
4.	Union Elbow 90° Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/2" both end compression ferrule fittings Order no: M-810-9 Make: Swagelok, Fitok or parker USA	60	11.	Seamless Tubing Material: Monel 400, UNS N04400 Fully annealed alloy 400 tubing, ASTM B165 Tube OD: 1/2", Preferred wall thickness: 0.083" (Approx. 2.10mm) or 0.065" (Approx. 1.65mm) Nominal Length: 20ft Tubing should be defect free, suitable for bending and flaring. Order No: M-TR-S-083-20 Make: Swagelok, Fitok or parker USA	20
5.	Union Male Elbow 90° Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" One end compression ferrule fitting and other end 1/2" NPT male Order no: M-810-2-8 Make: Swagelok, Fitok or parker USA	30	12.	Plugs Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/2" Order no: M-810-P Make: Swagelok, Fitok or parker USA	30
6.	Union Female Elbow 90° Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" One end compression ferrule fitting and other end 1/2" NPT female Order no: M-810-8-8 Make: Swagelok, Fitok or parker USA	20	13.	Ball Valve Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/2" both end compression ferrule fittings 3-Piece Assembly, PTFE Seals Orifice Dia. = 10.30 mm Cv = 7.5 Order no: M-63TS8 Make: Swagelok, Fitok or parker USA	25
7.	Union Tee Material: Monel 400, UNS N04400 For Fractional Tube OD: 1/4" all end compression ferrule fittings Order no: M-810-3 Make: Swagelok, Fitok or parker USA	40	14.	Needle Valve Material: Monel 400, UNS N04400 Regulating stem with bar handle, straight pattern, high performance stem packing, O-ring and seal material. Orifice size = 0.25" (6.40 mm) For Fractional Tube OD: 1/4" inlet/outlet: compression ferrule fittings Order no: M-1RS8 Make: Swagelok, Fitok or parker USA	05

Sr. No	Description	Quantity (Nos.)	Sr. No	Description	Quantity (Nos.)
15.	<u>Union</u> Material: Monel 400, UNS N04400 For Fractional Tube OD: 5/8" both end compression ferrule fittings Order no: M-1010-6 Make: Swagelok, Fitok or parker USA	15	22.	<u>Seamless Tubing</u> Material: Hastelloy C-276, UNS N10276 Fully annealed hastelloy C-276 tubing, ASTM B622 Tube OD: 1/2", Preferred wall thickness: 0.083" (Approx. 2.10mm) or 0.065" (Approx. 1.65mm) Nominal Length: 20ft, Tubing should be defect free, suitable for bending & flaring. Order No: HC-T8-S-083-20 Make: Swagelok, Fitok or parker USA	10
16	<u>Union Elbow 90°</u> Material: Monel 400, UNS N04400 For Fractional Tube OD: 5/8" both end compression ferrule fittings Order no: M-1010-9 Make: Swagelok, Fitok or parker USA	10	23.	<u>Union</u> Material: Hastelloy C-276, UNS N10276 For Fractional Tube OD: 5/8" both end compression ferrule fittings Order no: HC-1010-6 Make: Swagelok, Fitok or parker USA	15
17.	<u>Seamless Tubing</u> Material: Monel 400, UNS N04400 Fully annealed alloy 400 tubing, ASTM B165 Tube OD: 5/8", Preferred wall thickness: 0.109" (Approx. 2.77mm) or 0.095" (Approx. 2.41mm) Nominal Length: 20ft Tubing should be defect free, suitable for bending and flaring. Order No: M-T10-S-109-20 Make: Swagelok, Fitok or parker USA	10	24	<u>Union Elbow 90°</u> Material: Hastelloy C-276, UNS N10276 For Fractional Tube OD: 5/8" both end compression ferrule fittings Order no: HC-1010-9 Make: Swagelok, Fitok or parker USA	05
18.	<u>Union Tee</u> Material: Monel 400, UNS N04400 For Fractional Tube OD: 5/8" all end compression ferrule fittings Order no: M-1010-3 Make: Swagelok, Fitok or parker USA	10	25.	<u>Union Tee</u> Material: Hastelloy C-276, UNS N10276 For Fractional Tube OD: 5/8" all end compression ferrule fittings Order no: HC-1010-3 Make: Swagelok, Fitok or parker USA	05
19.	<u>Union</u> Material: Hastelloy C-276, UNS N10276 For Fractional Tube OD: 1/2" both end compression ferrule fittings Order no: HC-810-6 Make: Swagelok, Fitok or parker USA	20	26.	<u>Seamless Tubing</u> Material: Hastelloy C-276, UNS N10276 Fully annealed hastelloy C-276 tubing, ASTM B622 Tube OD: 5/8", Preferred wall thickness: 0.109" (Approx. 2.77mm) or 0.095" (Approx. 2.41mm) Nominal Length: 20ft Tubing should be defect free, suitable for bending and flaring. Order No: HC-T10-S-109-20 Make: Swagelok, Fitok or parker USA	10
20.	<u>Union Elbow 90°</u> Material: Hastelloy C-276, UNS N10276 For Fractional Tube OD: 1/2" both end compression ferrule fittings Order no: HC-810-9 Make: Swagelok, Fitok or parker USA	10	27.	<u>Reducing Union</u> Material: Monel 400, UNS N04400 For Fractional Tube OD: 5/8" to OD: 1/2" both end compression ferrule fittings accordingly. Order no: M-1010-6-8 Make: Swagelok, Fitok or parker USA	15
21.	<u>Union Tee</u> Material: Hastelloy C 276, UNS N10276 For Fractional Tube OD: 1/2" all end compression ferrule fittings Order no: HC-810-3 Make: Swagelok, Fitok or parker USA	10			

NOTE: Pre-shipment inspection will be carried out at buyers premises with Air ticket & boarding / lodging on purchaser's account.
