

S.C. No.	Description and Specification of Equipment	Qty / Make
1.	<p><b>Portable Multi-Gas Detector:</b></p> <p>High Sensitivity detection and numeric display of O<sub>2</sub>, CO, H<sub>2</sub>S, Volatile Organic Compounds (VOCs), Cl<sub>2</sub>, SO<sub>2</sub> concentration and LEL of flammable gases. Auto-Alarm on critical concentration.</p> <p>Battery Operated, portable handheld unit with protective case</p>	<p>01 No.</p> <p>Make: BW Technologies Canada or equivalent</p>
2.	<p><b>Sound Level (dB) Meter</b></p> <p>Measurement of sound/noise level in 30 – 130 dB range, Freq. 10-10 kHz.</p> <p>Battery Operated, portable handheld unit with protective case</p>	<p>01 No.</p>
3.	<p><b>Anemometer</b></p> <p>Air-flow measurement with built-in temperature, humidity measurement.</p> <p>Battery Operated, portable handheld unit with protective case</p>	<p>01 No</p> <p>Make: Thomas Scientific or Equivalent</p>
4.	<p><b>Digital Lux Meter</b></p> <p>0~200 kLux range, Si-photodiode and filter based, digital display.</p> <p>Battery Operated, portable handheld unit with protective case</p>	<p>01 No.</p>
