# Paper Towel Dispenser

- For washrooms, toilets etc.
- Ideal for workshop, fuel stations, showrooms
- Visually attractive wall dispenser

**Art. No. 5413 55:**

- Paper towel dispenser
- completely equipped with natural paper towels
- 3000 pieces

**Art. No. 5413 51 1:**

- Paper towels
- Two-layer natural
- Size: H x W: 23.2 x 23 cm
- 3000 pieces

**Art. No. 5413 52 1:**

- Paper towels
- Single-layer natural
- Size H x W: 23.2 x 23 cm,
- 5000 pieces

**Art. No. 5413 50:**

- Paper towel dispenser empty
- White with inspection window
- Size H x W x D: 43.5 x 33.0 x 13.5 cm

Article No.	Article Description
5413 55	P.TOWEL DISPENS.-COMPL.3000

# Hand Brush

**Art. No.: 5410 90:**

Grip: plastic, bristles: nylon

**Art. No. 5417 10 2:**

Grip: wood, bristles: nylon

**Art. No. 5417 10 3:**

Grip: plastic, bristles: nylon

Article No.	Article Description
5410 90	HAND BRUSH PA/PP 9X4CM
5417 10 2	HAND WASHING BRUSH WOOD
5417 10 3	HAND WASHING BRUSH PLASTIC

# Thread Adaptors

- For the adjustment of different threads in canisters, barrels and spouts as well as pumps

## Art. No. 5375 20: Thread adaptor orange

- Internal thread 2" fine
- Outer thread Trisure rough

## Art. No. 5375 21: Thread adaptor yellow

- Internal thread 2" fine
- Outer thread DIN 61/31, e. g. in connection with barrel adaptor (Art. No. 6000 3991) for Filling Star Filling Station

## Art. No. 5375 22: Thread adaptor blue

- Internal thread 2" fine
- Outer thread 2" Mautser rough, e. g. in connection with plastic barrel pump

Article No.	Article Description
5375 20	THREAD ADAPTOR IG2"-AG TRISURE
5375 21	THREAD ADAP.IG2"-IG DIN61/31
5375 22	THREAD ADAPT.IG 2"-AG MAUSER

IT: Internal Thread, OT: Outer Thread

# Dispensing Spouts for Barrels and Canisters

Article No.	Article Description
6000 0022	SPOUT FOR 5/30L TIN CAN
6000 0016	SPOUT FOR 60L BARREL
6000 0025	SPOUT FOR 25/30L PLAST. CAN

6000 0073	SPOUT FOR PLAST.BARREL 210L

# Metal-Ball Valve for Barrels and Canisters

- For quick and easy dispensing
- Suitable for all fluids (petrol, oil, brake cleaner, thinner etc...)

## 6000 0024:

- For barrels with 3/4"-thread

## 6000 0027:

- For plastic canister 30l / 60l

## 6000 0029:

- For plastic canister 25l

Article No.	Article Description
6000 0024	METAL-BALL VALVE 3/4"
6000 0027	METAL-BALL VAL.PLST.CAN.30/60L
6000 0029	METAL-BALL VALVE.PLST.CAN.25L

# Barrel Key

- Suitable for all commercially available barrels
- Resistant to sparks, blacksmith's tools etc...

Article No.	Article Description
6000 0014	BARREL KEY 300MM

# Plastic Bottle

- Plastic bottle with screw cap
- Filling quantity max. 250 ml

Article No.	Article Description
6000 0060	PLASTIC BOTTLE EMPTY 250ML

# Aerosol Trigger Head

- Reusable push-on handle
- For all standardised spray cans and spray heads
- Exact spraying and controlled metering
- Fingers do not get dirty or tired
- Made of highly impact-resistant PP

Article No.	Article Description
6000 0010	AEROSOL TRIGGER HEAD

# Aerosol Safety Nozzles - White

# Handymax Profi - Hand Operated Cartridge/Bag Gun

- Professional design
- **With power transmission**
- Ergonomically-shaped handle
- With ball bearing mounted pressure rod

**Art. No. 6010 0005:**

- 1:14 for highly viscose (difficult to press out) sealing-adhesive compounds

**Art. No. 6010 0006, 6015 0019 and 6015 0021:**

- 1:10 for normal viscose (easy to press out) sealing-adhesive compounds

Article No.	Article Description
6010 0005	HANDYMAX 1:14 VS 2.9MM K 310ML

# Rechargeable Battery Bag/Cartridge Gun - Dewalt

- Guarantees problem-free processings of even viscous materials due to ejection pressure of approx. 280 kg
- Metal transmission makes high ejection pressure possible
- With speed regulation for presetting the ejection speed
- Material does not run out after application due to automatical reverse motion of the pressure rod
- Fast and easy change of cartridge possible
- For cartridges and bags

### Technical data

<b>Rechargeable battery:</b>	2.6 Ah
<b>Size of cartridge / bag:</b>	310 - 600 ml
<b>Intake:</b>	Cartridge and filling
<b>Ejection pressure:</b>	2713 N (277 kg)
<b>Ejection pressure speed:</b>	25 - 400 ml/min.
<b>Weight (with recharg. batt.):</b>	3.1 kg

Article No.	Article Description
5328 542	12V RECH.BATT.CARTR.GUN DC542K

### Included in delivery (Art. No. 5328 542):

1x Bag Gun with cartridge conversion kit 310 ml, 1x Rapid charging device, 1x Rechargeable battery 2.6 Ah/12 V

# Multifunction Cartridge Pistol

- Compressed-air device to manufacture seam sealings, surface coatings as well as adhesive beads out of 310 ml cartridges
- Integrated pressure reducer automatically decreases the power system pressure to an operating pressure of 7 bar
- Controller for quantity of sprayed air and the material, which acts independently from each other, provide a infinite adjustment according to the applications
- 2-step-trigger releases sprayed air in step 1, and material in step 2.
- Hermetic separation of material and air. The material cartridge remains fully ventilated preventing compressed air entering it.

**Multifunction Cartridge Gun consisting of:**

- 10 plastic nozzles
- 1 End Cap blue for multifunction duo nozzle set
- 1 End Cap black for cartridges with standard nozzles

Article No.	Article Description
6010 6360	MULTIFUNCTION CARTRIDGE GUN

# Single Components

Article No.	Article Description
6010 6365	MFG-DUO-NOZZLE CAP NUT
6010 6366	MFG-CARTRIDGE CAP NUT
6010 6367	MFG-O-RING SEALING F.CAP NUT
6010 6368	MFG-O-RING SEALING F.CAP NUT
6010 6369	MULTIFUNCTION NOZZLE

# Pneumatic Structure/Seam Sealing Gun

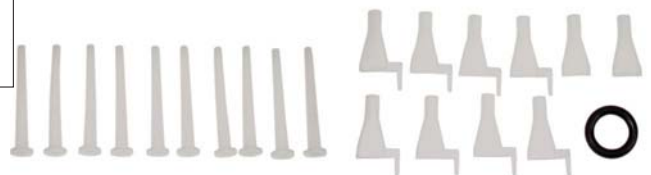

- Compressed air gun for processing sprayable seam sealer from bold plastic cartridges 300-320 ml
- Different patterned nozzles produce various OE type seam finishes
- Various spray sealer patterns are easily achievable via air/material mixes
- 6010 6380 includes set 6010 6381, x10 round nozzles, x10 flat nozzles, x10 flat nozzles with guide, x1 O-ring 4x15

**Attention:**

Always keep a cartridge in the gun, otherwise the material will harden inside the gun due to air and humidity.

**Technical data**

<b>Gun body:</b>	Aluminium-moulded part Finger protection on the handle powder-coated
<b>Surface:</b>	
<b>Cartridge acceptance:</b>	Round thread steel tube sleeve
<b>Filling quantity/ Contents:</b>	300 -320 ml
<b>Valve:</b>	Brass/Stainless steel
<b>Sealings:</b>	Oil and petrol resistant
<b>Atomization nozzle:</b>	Brass with nozzle tip
<b>Operating method:</b>	Through over-pressure
<b>Compressed air connection:</b>	Inside thread 1/4" Connection nipple(Art. No. 3926 141)
<b>Weight:</b>	1050 Gramm
<b>Working pressure:</b>	2 - 6 bar

Article No.	Article Description
6010 6380	MSD-CA-GUN F.PLA.C.310ML
6010 6381	NOZZLE SET F.MSD-CA-GUN

**Content Art.-No. 6010 6380:**

1x pistol, 10x round nozzles, 8x flat nozzles with guide, 2x flat nozzles without guide, 1x O-ring 4x15mm

**Content Art.-No. 6010 6381:**

10x round nozzles, 10x flat nozzles with guide, 10x O-ring 4x15mm

## Pneumatic Cartridge Gun

- No internal piston, compressed-air acts directly on the material within the cartridge

Article No.	Article Description
6010 0003	PNEUM.CARTRIDGE GUN 310ML C.

## Power Compressed-Air Piston Gun

- For 310 ml cartridges and 400 ml bags
- 20 – 25% more power than conventional compressed-air guns for dispensing high-viscosity (difficult to dispense) sealing adhesives
- Suitable for 2K-ASK "2K-Future"
- Clean and trouble-free dispensing due to fixed piston
- 310 ml cartridges can be processed by removing the pressure plate on piston
- Suitable plug nipple Art. No. 3927 14 1

Article No.	Article Description
6010 0100	POWER-CA-PISTON GUN

## Pneumatic Piston Cartridge / Bag Gun

- With telescopic piston
- Continuously adjustable working pressure via a variable value

Article No.	Article Description
6010 0004	GUN F.310ML C./300ML BAG

## Compressed-Air Piston Gun

- For sealing compounds in bags
- Continuously adjustable working pressure via a variable value
- Suitable plug nipple: Art. No. 3927 14 1

Article No.	Article Description
6015 8111	PNEUM.PRESS. GUN 400ML BAG
6015 8112	PNEUM.PRESS. GUN 550/600ML B.

## Replacement Nozzle and Pressure Plate

- Suitable for hand-pressure and pneumatic guns for bags

Article No.	Article Description
6015 8113	REPLACEMENT NOZZLE
6015 8114	REPLACEMENT PRESS. PLATE

## Sponge Tape

- Self-adhesive polyethylene sponge tape, fine structure, smooth surface
- For use as between windscreen and car body
- Dampens windscreen vibrations
- Prevents penetration of windscreen adhesive into car interior
- Prevents pollution of roof interior and car dashboard for improved appearance
- Colour: anthracite
- Contents: 5 rolls à 10 m
- Width: 5 mm x height: 6 mm

Article No.	Article Description
6600 5	SPONGE TAPE

**Included in delivery:**

5 rolls à 10 m

# Butyl Tape, Filled

- Flexible, strongly adhesive sealing tape for overlapping sealings with closed-cell PVC foam filling
- Enables resilience due to PVC foamy core
- Weather and UV resistant
- Prevents vibration
- Correctable
- Universally applicable on metallic and non-metallic substrates
- Temperature resistant from -25°C to +70°C

### Fields of application:

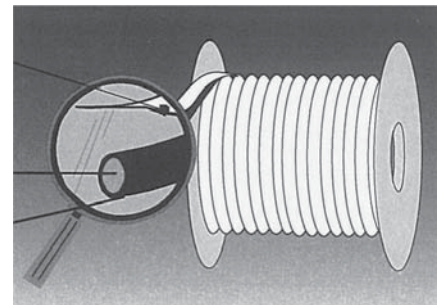

- Can be used in the automobile sector, trucks and construction area for all types of sealings e.g. hydro and steam insulation, sealing of rear lights, aggregates inside door linings, water tanks, facades, partition walls etc.
- Also suitable for the use on damp concrete

Paper covering

Closed-cell  
PVC foam

High-Tack-Butyl

Article No.	Article Description
6630 6211	CT(5M)BUTYL TAPE FILLED 6.4MM

# Butyl Tape - Round

- Flexible, strong adhesive sealing tape for overlapping sealings
- Ageing, weather and UV-resistant
- Temperature resistant from -50°C to +100°C
- Universally applicable on metallic and non-metallic substrates
- Excellent adhesion on cleaned surfaces
- For fixation of door interior paneling foils (VW, Audi, Jap. vehicles)
- Prevents vibrations
- Sealing of attachment parts, rear lights etc.

Article No.	Article Description
6630 6202	(60M)BUTYL TAPE ROUND 4MM
6630 6203	(32M)BUTYL TAPE ROUND 6MM
6630 6204	(28M)BUTYL TAPE ROUND 8MM
6630 6205	(15M)BUTYL TAPE ROUND 10MM

# Flat-Profile Plastic Sealing Tape

- Synthetic rubber based profiled sealing tape
- For sealing screw-mounted wings, spacers, noise insulation and sealing built-in parts, head lights and tail lights

Article No.	Article Description
6630 6200	CT(40M)SEAL.TAPE FLAT-PRO.20MM

---

## Repair Mesh for Plastic Repair

- Reinforcement mesh. Single-sided self-adhesive.
- For repairs of cracks and holes in all kind of plastic parts bumpers etc...
- Perfect base for plastic repair with 2K-PUR-Adhesives

Article No.	Article Description
6660 4256	(20M)PLASTIC REP. TAPE 50MM
6660 4257	(45M)PLASTIC REP. TAPE 100MM

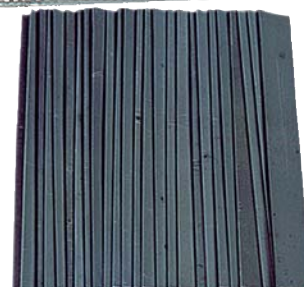

## Glass Fibre Mat

Article No.	Article Description
6660 4259	GLASS-SILK FABRIC MAT 0,5 QM
6660 4261	GLASS-FIBRE MAT 1,00 QM

## Reinforcement Strips

Article No.	Article Description
6660 4258	BTL(25)REINFORCEMENT STRIPS

# Power Double-Sided Tape, Neoprene

- Heavy-duty double-sided PU adhesive tape for trims, sill trims, lettering, emblems etc.
- Neoprene foam
- After adhesion, remains adjustable for approx. 5 min.
- Can be peeled off without crumbling
- Heat-resistant from -40° C to +150° C
- 10m roll length
- Weather, UV and chemical-resistant

Article No.	Article Description
6450 0806	(10M)POW.DOUBLE-SID.TAPE W 6MM
6450 0809	(10M)POW.DOUBLE-SID.TAPE W 9MM
6450 0812	(10M)POW.DOUB.-SID.TAPE W 12MM
6450 0819	(10M)POW.DOUB.-SID.TAPE W 19MM
6450 0825	(10M)POW.DOUB.-SID.TAPE W 25MM

# Double-Sided Tape

- Double-sided adhesive tape for a multi-purpose use, mounting vehicle badges, mouldings and trims
- Heat-resistant from -40° C to +125° C
- 10m roll length

Article No.	Article Description
6450 5935	(10M)DOUB.SIDED ADH.TAPE W 4MM
6450 5940	(10M)DOUBLE-SID.ADH.TAPE W 6MM
6450 5945	(10M)DOUBLE-SID.ADH.TAPE W 9MM
6450 5950	(10M)DOUBLE-SID.ADH.TAPE W12MM
6450 5960	(10M)DOUBLE-SID.ADH.TAPE W19MM
6450 5970	(10M)DOUBLE-SID.ADH.TAPE W25MM
6450 5975	(10M)DOUBLE-SID.ADH.TAPE W38MM

# Sucker Set

- For pressing on new trim mouldings, window frames, emblems, lettering etc.

Article No.	Article Description
4915 30	SUCKER-SET

# Wide Band Roller

- Double arm, with rubber roller dia. 30 mm
- For strong and smooth pressing of tape etc...
- Width: 47 mm

Article No.	Article Description
3407 8	WIDE BAND ROLLER 40MM

# Mirror - Adhesive Tape

- Ideal for the sticking of mirrors and even plastics on glass, wood, metal, stone and plexiglass
  - suitable for dispenser and holder fastening in sanitary areas, for the fixation of bars etc.
- Also suitable for Number Plate Fixing
- Double-sided high-grade acrylic adhesive
  - strong adhesive at the beginning and safe final adhesion
- Base material made of 1 mm strong copolymer foam
  - non-ageing and UV-resistant
  - temperature resistant from -40°C to +80°C

**Assembly advice:**

- For mirrors the adhesive stripes must be applied **vertically** and in several stripes
- Shear and pulling force are reduced and have to be distributed evenly onto the whole surface

**Technical data**

**Application quantity:**

Mirror surface/ cm <sup>2</sup>	Mirror thickness 3 mm	Mirror thickness 4 mm	Mirror thickness 5 mm	Mirror thickness 6 mm
100	1.5 cm	2 cm	2.5 cm	3 cm
200	3.5 cm	4.5 cm	6 cm	7.5 cm
500	9 cm	12 cm	15 cm	18 cm
1000	18 cm	24 cm	30 cm	36 cm
2000	36 cm	48 cm	60 cm	72 cm
5000	90 cm	120 cm	150 cm	180 cm
10000	180 cm	240 cm	300 cm	360 cm

The indicated application lengths must be distributed at every vertical

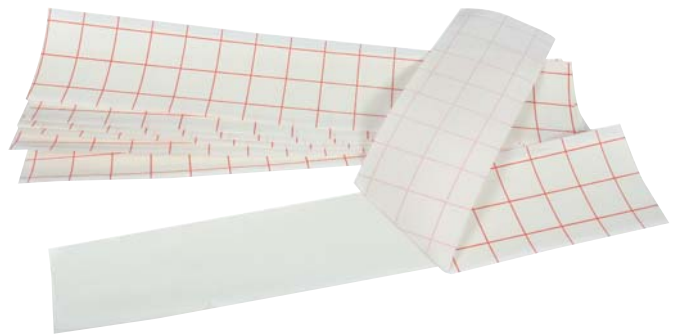

Article No.	Article Description
6450 5995	RO(15M)MIRRO ADHES.TAPE B25MM

# Transfer-Adhesive Film

- Double-sided transferable, universally applicable adhesive film
- The transfer adhesive film has high adhesive strength and is mainly used in the glue vehicle emblems/logs again on vehicles
- Compared to common, double-sided adhesive film, the adhesive film only adheres to the applied surface so that also complex shapes of the contours is being omitted
- Temperature resistant from -30°C to 105°C (short term up to +180°C)
- Good UV resistance
- Dimensions: 300 x 50 x 0.04 mm

**Application:**

- Detach the logo/emblem which should be reused - remove any residues, then clean the bare area using a non relubricating cleaning agent (e.g. ASK cleaning agent Art. No. 6110 1000)
- Remove the protective film from the transfer adhesive film as far as required and place the adhesive side to the top on a level surface
- Place the rear side of the logo/emblem on the adhesive surface and press it into place
- Then pull off the logo/emblem from the adhesion surface, position it on the vehicle and evenly press it into place

Article No.	Article Description
6450 5600	PK(10)TRANSFER-ADHESIVE FILM

# Double-Sided Power Tape - White

- Thin structure for improved assembly
- Fixing aid and adhesive assembly tape. Long-lasting, superb adhesion to many materials.
- Immediate adhesion after application
- Excellent ageing, weather and UV resistance
- Moisture-proof
- Resistant to many chemicals and solvents
- Ideal adjustment even on rough base materials

**Fields of Application: Car:**

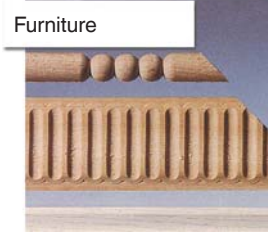

- Mirror glass in the mirror casing, rubber profiles and insulation mats etc.

**Signs:**

- Type, information and prohibitive signs, displays, emblems

**Furniture and interior fittings:**

- Extruded plastic strips and veneer cased furniture decoration strips, blinds, handle trims, rubber door stops, dust removers etc., polystyrene insulating mats, as well as rough chipboard

**Technical data**

<b>Adhesive:</b>	acrylate, modified
<b>Carrier:</b>	PVC film
<b>Heat Resistance:</b>	-40°C to +80°C

## Soundproofing Panels K197 for Doors + Side Parts

- Self-adhesive bitumen panels with aluminium coating
- Reduces vibrations on thin metal sheets and reduces the sound level
- Aluminium side can be painted
- **Material:** 1.82 mm

Article No.	Article Description
6680 6250	PK(6)SOUNDPR.PA.SIDE P.50X25CM

## Soundproofing Panels K198 for Floor Pans

- Self-adhesive, flexible bitumen and soundproofing panel
- Can be heated to mould
- Prevents vibrations in the interior as well as boot floor and reduces the noise level
- Resistant to splashing water
- Temperature resistant: + 80°C, for a short time up to +100°C
- **Material thickness:** 2.68 mm
- Honeycomb structure
- UV-stabilised

Article No.	Article Description
6680 6255	PK(4)SOUNDPR.PAN.BOTTOM50X25CM

## Anti-Drumming Panels

- For doors, side parts and floor pans
- Self-adhesive
- Honeycomb structure
- Mouldable in cold and warm conditions
- Resistant to paints
- **Material thickness:** 1.89 mm

Article No.	Article Description
6680 6280	PK(10)SOUNDPR.P.HONEYCOMB 50X50

## Soundproofing Foam K199 for Bonnets and Boot Lids

- Self-adhesive foam plastic mats
- Reduces engine noises as well as resonances from the boot and reduces noise level in the car
- Surface is resistant to fuel, oil and water
- Temperature resistant up to +100°C, for a short time up to +120°C
- Flame-retardant according to DIN 75200/MVSS302
- **Material thickness:** 6.69 mm
