

S. No	Description/	Code	Qty Required
1	2	3	4
1	<u>In line Oxygen Analyzer</u> Technical Specification Display Unit = ppm Measuring Range = 0 to 1000 ppm operating pressure = 1 to 10 psi Media = Argon Make = Europe/USA/China Special Features: Auto calibrated, Interchangeable sensor, Display 4 digit LED, Low maintenance & continuous operation, Integrated flow meter	No.	01
2	<u>In line Moisture Analyzer</u> Technical Specification Display Unit = ppm Measuring Range = 0 to 10000 ppm moisture operating pressure = 1 to 10 psi Media = Argon Make = Europe/USA Special Features: Special Features: Auto calibrated, Interchangeable sensor, Display 4 digit LED, Low maintenance & continuous operation, Integrated flow meter Spare Parts /Standard Accessories: Supplier / manufacturer may provide list/quotation of spare sensor /Standard Accessories along with prices in quotation. Note: (i) Supplier should clearly mention make, model number & country of origin & of quoted items in quotation. (ii) Provide Calibration certificate against international Standards. (iii) Supplier/Manufacturer must provide technical literature & maintenance manual in English language along with quotation.	No.	01
