

Sr#	Description	Qty
1	<p><u>AIR VENT:</u> S.S. Type: Air Relief Valve Max Working Pressure: 12 Bar Material of Construction: Lever in Anti-Corrosion Resin with Check Valve Operating temperature: 0 to 110 °C Gasket: EPDM End Connections: 3/4" male threads</p>	04
2	<p><u>NON RETURN VALVE:</u> SS. Nominal Pressure: PN16 Type: Swing Check Valve with Bolted Cover End Connection: Flanged connection/flanged to DIN-2633 or equivalent. Flange Type: Raised face Material of Construction: Stainless Steel Hydrostatic test pressure, pressure/temperature rating material specification: To be specified by the manufacturer Size: 8" Ø</p>	04
3	<p><u>STRAINER Y SS:</u> Nominal Pressure: PN16 Type: Y-Type End Connection: Flanged connection/flanged to DIN-2633 or equivalent. Flange Type: Raised face Material of Construction: Stainless Steel Hydrostatic test pressure, pressure/temperature rating material specification: To be specified by the manufacturer Size: 8" Ø</p>	06
<p><u>Notes:</u> a. Make: Weiss, WIKA or Equivalent. b. Origin: EU/USA/Japan</p>
