<b>13</b>	<p><b>Burdizzo Castrator: small size (for small ruminants):</b> Should be made of special grade of steel; it should have rigid very smooth working jaws; turden, with properly heat joints treated highly polished and special grade micron nickle finish. The handles should be made of unbreakable material non slippery capable to provide good grip. Castrator should not produce any superficial wound (work without skin injury/bloodless castrator)</p>

**MANDATORY REQUIREMENTS**

To qualify for award of contract, a bidder shall meet the following minimum qualifying requirements

1. Bidders are responsible for proper registration of their company and/or the proposed drugs if such registration is required by local authorities to legally import drugs in each relevant destination country
2. If such import restrictions exist then finally selected bidder(s) will be requested to provide FAO with a copy of valid registration certificate for their goods before the award of a Purchase Order.
3. Bidders have to provide evidence of at least two (2) contracts for supply of the same drugs of a comparable value executed during the last three (3) years, and a statement of the value of each contract and the name and address of the client in each case;
4. For each type of drugs, the bidder has to provide evidence of previous Certificates of Analysis issued by the manufacturer of the drugs and certified by an independent recognized body or by the drug authorities in the country of origin where the drugs are produced;
5. Bidders must present brochures or pictures and company websites of the products with detailed description and the content of the product for **pre-supply** evaluation:
  - a. Name of product (including brand name)
  - b. Composition including active ingredient
  - c. Volume in ml
  - d. Lot Number
  - e. Production date
  - f. Expiry date (**MINIMUM ACCEPTABLE**: 18 months from the date of receipt in the final destination)
  - g. Manufacturer
  - h. Bidders must provide working contact addresses including telephone and emails from the manufacturing company/ies.

Superintendence as well as quantity and quality controls of the offered drugs at both loading and unloading points will be performed before final acceptance, as per FAO regulations.

**FAILURE TO COMPLY WITH THESE REQUIREMENTS WILL RESULT IN YOUR BID BEING REJECTED**

**Appendix III (A): FINANCIAL OFFER - QUANTITY OF GOODS DELIVERED WITHIN THE REQUESTED DELIVERY TIME  
(8 weeks after receipt of Purchase Order, in any case no later than 20 June 2019)**

S#	Item description (as per offered specifications in Appendix II)	Qty requested (Each)	UOM	Qty Offered (each)	Unit Price FCA (in US\$*)	Total Cost FCA (in US\$*)	Freight Cost including unloading charges / Unit (in US\$*)	Total Freight Cost including unloading charges (in US\$*)	Insurance Cost (in US\$*)	Total Cost DAT up to WAREHOUSE in JUBA, SOUTH SUDAN (in US\$*)	Delivery Time (specify calendar days or weeks)	Delivery Mode

<b>11</b>	Hoof Cutter/trimmer.	200	Piece								
<b>12</b>	Burdizzo Castrator Big size (for large ruminants)	200	Piece								
<b>13</b>	Burdizzo small size (for small ruminants)	200	Piece								
	<b>TOTAL</b>										

\* If the quote is in a different currency than specified here, FAO will convert prices for the commercial evaluation to a single currency using the official UN exchange rate corresponding to the date of the offer.

NOTE regarding arithmetical errors and discrepancies:

- If there is a discrepancy between the unit price and the total price that is obtained by multiplying the unit price and quantity, the unit price will prevail and the total price will be corrected, unless in the opinion of evaluators, there is an obvious misplacement of the decimal point in the unit price, in which case the total price as quoted will govern and the unit price will be corrected.
  - If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals will prevail and the total will be corrected.
- In case of discrepancy between a word and figures, the amount in words will prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures will prevail subject to the note above
