

VACUUM PUMP OILS

Sr. No.	DESCRIPTION		QUANTITY REQUIRED (Liters)
1.	Vacuum pump oil LVO-100		50
	a	Mineral oil, free of additives	
	b	Low vapor pressure, low inclination to foaming, and good water separation	
	c	Viscosity at 40°C: 95 mm ² /s	
	d	Viscosity at 100°C: 10.5 mm ² /s	
	e	Flash Point: > 225° C	
	f	Density at 15°C: 880 Kg/m ³	
2.	Vacuum pump oil LVO-500		25
	a	White oil, free of additives	
	b	Good thermal stability	
	c	vapor pressure at 20°: 4 x 10 ⁻⁹ mbar	
	d	Viscosity at 40°C: 100 mm ² /s	
	e	Flash Point: > 225° C	
	f	Density at 20°C: 868 Kg/m ³	

Note: Both items should be in 05 liter packing

Make: Leybold Vacuum or equivalent
